

KANSAS STATE UNIVERSITY

Engineering Extension

Environmental Protection Agency
Radiation and Indoor Environments
National Laboratory (R&IE)

Professional Student
Internship Program
Overview

The Program

- Engineering Extension has been awarded an EPA contract to:
 - Supply the Radiation and Indoor Environments National Laboratory (R&IE) with **paid** student interns during the next five years
 - Select student interns from throughout KSU academic departments
 - Engineering
 - Chemistry
 - Biology
 - Communications
 - Many more...

R&IE National Laboratory

- Located in **Las Vegas, Nevada** near the UNLV campus
 - A center of excellence in healthy environments
 - Houses several federal research programs:
 - Center for Environmental Restoration, Monitoring, and Emergency Response (CERMER)
 - Center for Indoor Environments (CIE)
 - Center for Radio Analysis and Quality Assurance (CRQA)
 - <http://www.epa.gov/radiation/rien/>

Student Internships

- Types of Student Projects Available
 - Methodological development for radio analysis
 - Tribal training center facilitation for air quality monitoring
 - Marketing and outreach of laboratory services
 - Emergency environmental response systems development
 - Web content development

Money Matters

- Compensation is based on your Academic Level / Standing

Academic Level	Hourly Rate	Weekly Rate
Sophomore	\$11.00	\$440
Junior	\$11.75	\$470
Senior	\$12.75	\$510
Accepted into or attending graduate school	\$15.75	\$630

- All travel and training required for the internship will also be compensated

A Semester Away?

- Gain practical and marketable experience at a nationally recognized laboratory
- Earn a competitive salary while receiving on-the-job training
- Network with Environmental Industry professionals and establish future contacts
- Live in Las Vegas for a Semester!
